

Citizen Convenience

has developed easy to use systems to facilitate citizens in:

- Obtaining birth and death certificate
- Registering his grievances with the ULB
- Obtaining building plan approvals

of India has framed the Registration of Birth and Death Act, 1968, and set up
tions in all the states to record Births and Deaths in the country. Complete, tim
ccurate registration of Births and Deaths is crucial for understanding the
ation dynamics and planning effective development programs.
web based online Birth and Death application provides the facility to issue
death/still birth/adoption certificate in partnership with the office of the Registra
ral of India (RGI). Through this system, eGov has come up with the IT standards
death registration and certification, thus providing immense benefit for a citizen
facilitating the department by providing statistical data for a better managemen
nation system.
