

Expenditure

The expenditure of a C&A can be categorised under the following heads:

- Payroll and benefits
- Operating expenses
- Non-current capital expenditure
- Miscellaneous items

The government is one of the largest employers in the country. Hence, the expenditure incurred constitutes one of the major expenditure items for the government. Efficient management of the staff coupled with prompt and accurate payment of salaries and pension is one of the primary responsibilities of the government.

The union labour union often agitates and demands appropriate wages according to the cost of living of the employees. Hence, the government must take the necessary steps to generate monthly pensioners' fund and also to fund and manage employees' pension funds. The government also has to manage the expenditure on the pensioners' fund and the employees' pension funds.
