

## Expenditure

The expenses of a ULB can be categorised under the following heads:

- Payroll and Pension
- Carrying out works
- Purchase and inventory maintenance
- Maintenance of assets

The government is one of the largest employers in the country. Hence, the establishment expenses constitute one of the largest expenditure areas for the government. Efficient management of the staff, coupled with prompt and accurate payment of salaries and pension is one of the primary responsibilities of the government.

*The web based online eGov Payroll and Pension application helps streamline the work processes of the establishment section. The pension/payroll module can be used not only to generate monthly pension/payroll, but also to track and manage employee liabilities like Provident fund, processing of CPF, recoveries like TDS, PT and loans (both from the government body as well as bank loans).*
